**When I'm Not Thinking About You**

Took the mirror down in the hall  
Hung some paintings on the wall  
I've been changing things around  
Suit the way I'm living now

As I wander room to room  
Staring at things I'll get to soon  
Stacking up papers on the shelf  
Fixing this place to suit myself

Look at all these things that I can do  
When I'm not thinking about you

Hardly ever jump when I hear the  
phone  
Try to leave a light on when I'm  
home  
I've been doing pretty well  
Getting by here by myself

Look at all these things that I can do  
When I'm not thinking about you

Take my coffee sweet and black  
Read the paper front to back  
Meet the mailman at the box  
Every day at one o'clock

Look at all these things that I can do  
When I'm not thinking about you
