Yesterday's News

Yesterday's news
Feeds the fire in the morning
Smoke and ashes into the blue

Yesterday's news
Owes nothing to tomorrow
Means nothing at this moment
Means nothing to you

All was said and done
It was all but over
And over and over
There was nothing to do
Black and white
On a front page headline
A moment of real time
Lucid and true

I wonder why
Anything matters
Get up and get at her?
Well, for what or for who?
Run for cover
To someone or other
A lover or mother
One of the two

Yesterday's news
Means nothing to tomorrow
Means nothing at this moment
Means nothing to you

Too early for
The late edition
A mercy mission
By the chosen few
Too late for
Page one tomorrow
Some other sorrow
Will have to do
