## **Blue Yonder**

Here on the ground  
It's a long way down  
To the land down under  
And all I want to do  
Is ride into the blue yonder

I'd be up in the sky  
And I'd be higher than high  
And it's no wonder  
That all I want to do  
Is ride into the blue yonder

Into the blue yonder  
Into the blue yonder  
All I want to do  
Is ride into the blue yonder

I'd be up in the clouds  
And I'd be laughing out loud  
With the world to wander  
And all I want to do  
Is ride into the blue yonder

I'll be into the blue  
And I'll be gone and through  
And I'll be out from under  
And all I want to do  
Is ride into the blue yonder

Into the blue yonder  
Into the blue yonder  
All I want to do  
Is ride into the blue yonder
