

## **CANAL**

(words & music Mike Ford SOCAN 2007)

If you don't look down  
It doesn't seem so high  
But slippery on the scaffold  
Scraping the walls of the Welland  
For the steamers to ply  
Navy don't look down

With nothing to your name  
You walked from Montreal  
To the roar of Niagara  
Watching the Frenchmen and Iroquois  
Into the cavity fall  
With none to know their name

Oh Canal  
Oh Canal  
Dig yourself Canal

Scraping the walls of the Welland  
For the steamers to ply  
Navy don't look down
