

The Dustless Road to the Happy Land

(Words and Music: David Francey SOCAN 2009)

So it's all together here we go
We'll wave goodbye to Buffalo
Bless every woman child and man
On the dustless road to the Happy Land

So it's oh boys here we go
Come all the way from Buffalo
Now we're steaming westward every man
On the dustless road to the Happy Land

Come wind or rain or hail or snow
We'll sail tonight from Buffalo
And the Buffalo gals wave from the Strand
On the dustless road to the Happy Land

So it's all together here we go
We'll wave goodbye to Buffalo
Bless every woman child and man
On the dustless road to the Happy Land
